

TITLE: Supply of medical equipment
TENDER REF: WF-N-2024-26

CLARIFICATIONS TO TENDERERS

Based on the inquiries from potential tenderers, the following clarifications apply to this tender;

1. Models and brand names.
 - a. The specifications, models, and brand names mentioned in the tender dossier must be strictly adhered to and remain unchanged. For items where no specific brand or model has been indicated, bidders are permitted to propose different brands, provided that all required specifications are fully met.
 - b. The transducers required for the ultrasound machine include: linear, convex and transvaginal.
2. Quantities
 - a. Quantities for all items requested are spelt out clearly in the instructions to tenderers clause 1.1.

3. Order of documents

- a. The order of documents should follow the numbering in the tender dossier. In case of any additional document, they should be added as the last part of the tender dossier.

4. Tender declarations

- a. The tender declarations require the tenderer to clearly state the description and quantity of items in the specific lots bided for. In this regard, refer to the Instructions to Tender part 1, clause 1.1 for the description of the different lots that are required to be filled in the tender declarations.

5. Documentation filling

- a. The tender dossier should be filled in English language as clearly stated in the Instruction to tenderers Clause 11 Part 3. The AID code specified in this clause should also appear where necessary in the additional documents e.g. brochures, quotations etc. It can be also handwritten on top of the pages.
- b. The legal Entity form should be filled in Capital letters and Latin characters which form the English Alphabet.
